We have a range of tools and proprietary techniques to conduct a rigorous assessment of candidates' track records, knowledge and abilities most accurate to the position.

Drawing on deep insight into today's business challenges and the qualities that define the most effective leaders, our consultants apply a disciplined approach and sound judgment to every search.

Contract Staffing

Contract Staffing, also known as Employee outsourcing. In this staffing model, staff is recruited on Our sponsorship and outsourced to our client.

The staff will work full time with the client organization with all payroll and HR activities undertaken by us in line with Qatar labor laws and regulations.

Advantages of Contract Staffing :

- Reduced employee costs, freeing up of internal resources and a focus on the client's core business
